

7.8M (C)

BALLISTIC 
your RIB for life

BALLISTIC 7.8M

with Yamaha 250-350hp Four Stroke

The Ballistic 7.8 Commercial is the newest addition to the Ballistic RIB range. By taking full advantage of the strength, performance and seakeeping ability of this iconic hull, the 7.8 Commercial has the ability to power through the roughest of conditions with confidence, comfort and speed over long distances.

Features include a foam filled hull, extended operational fuel tank, diesel engine option, T-Top with canopy and SHOXS shock mitigation seats. A modified A-frame provides engine impact protection and improves safety and control in towing and support applications. A clear deck layout makes the Ballistic 7.8 Commercial an excellent work platform in any application.
